mast height: 13.30 m

One of the last CHASSIRON built at the CHANTIER RICHARD. THE CHASSIRON GT was built between 1977 and 1982 and most were built as a ketch, but only 5 originally built by the yard as a sloop. Designed by MICHEL JOUBERT, this model is fitted with a large aft owner's cabin, which is totally different from others, being built as a ketch model and afterwards converted to a sloop model, mainly by owners themselves.

Made for deep sea sailing.

BOAT VERY WELL MAINTAINED AND IS A REALLY WORTH TO VISIT. MORE PICTURES AVAILABLE UPON REQUEST.

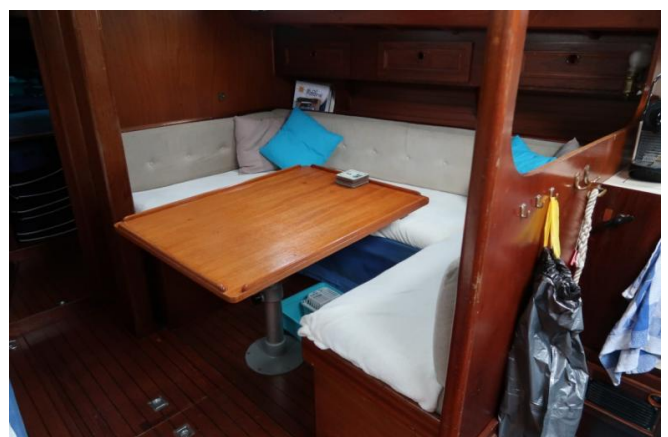

The above information is believed to be correct, but no responsibility is accepted for errors or omissions and these particulars and statement shall not form any contract.
